Isanti SWCD MONITORING PLAN FOR BUFFER COMPLIANCE TRACKING

§103F.48 RIPARIAN PROTECTION AND WATER QUALITY PRACTICES

1. **COMPLIANCE TRACKING OF ALL PARCELS SUBJECT TO THE BUFFER LAW**
   All parcels in the county are to be reviewed within a 3-year timeframe. The SWCD will review 1/3 of the parcels each year based on the map below.

2. **RANDOM SPOT CHECKS**
   Random spot checks will be done in addition to the tracking of all parcels within a 3-year span. These checks may be conducted via aerial photo review or on-site review depending on availability of updated aerial photos and the practice that is being checked/access to farms. A combination of both aerial and on-site review may also be used. These checks will be conducted on approximately 50 parcels each year outside of the scheduled area.

3. **PROCESS TO HANDLE COMPLAINTS**
   If you see a buffer that you think needs to be reviewed, please contact Matthew Remer at the Isanti SWCD office at 763-689-3271 or by email at matthew.remer@mn.nacdnet.net. We'll be glad to review the parcel in question and ensure its compliance.
